

Donna M. Kaminski, DO, MPH, FAAFP

Dr. Kaminski is a family medicine physician who is a proud member of Somerset Family Practice Family Medicine Faculty. She cares for patients of all ages from newborns to older adults, and is fluent in Polish, Spanish, and English. She believes in patient-centered care, and has a special interest in integrative medicine. She also has a long-standing history of involvement in global health, and has participated in thirteen medical missions in eight countries.

She enjoys teaching and working with the team to meet the unmet needs of our patients. She has also co-authored chapters on integrative medicine, leaky gut syndrome, and male infertility in the most recent edition of *Magill Medical Guide*, chapters on intelligent quotient as well as mindfulness in the fifth edition of *Psychology and Behavioral Health*, and is currently co-authoring the chapter on mumps in the thirty-third edition of *5 Minute Consult* that will be released in 2025.

She has been a board member of the New Jersey Academy of Family Physicians since 2015 and has newly been elected as Secretary on their Executive Board.
